

CROSS ROADS HAM RADIO CLUB NET SCRIPT

Good evening everyone this is [Name, Call] - Welcome to the Cross Roads Ham Radio Clubs' Thursday Night Net on the W5LCR repeaters.

This net meets every Thursday night at 7:00 PM local time and is simulcast on the Cross Roads Ham Radio Club's Linked Repeater System covering South Central and South East Texas. We employ a variety of technology options allowing connectivity to the system. For a complete list of linked repeaters with frequencies, offsets, tones and supported modes; please visit our website at www.crhrc.org.

[UNKEY]

My name is [Name] and my call is [Call]. I will be the net control operator for this week's session of the net. If any operator has emergency or priority traffic now or at any time during this net, please call "break – break", give your call sign and the net control operator will recognize you and handle your traffic.

[UNKEY]

This is an open net meaning all licensed amateur radio operators are welcome and invited to check in with us. You do not need to be a member to participate. This is also a controlled net meaning we ask that you pass all traffic through the net control operator.

If you are listening to this net on a scanner or similar monitoring device and you are interested in learning more about amateur radio or thinking about becoming a licensed amateur radio operator, we can help you make that happen. If you are a licensed amateur radio operator and are interested in learning more about our club or are interested in becoming a member of the club we have applications available on the web site. **Dues are not a requirement of membership. Our club is funded by the generosity of voluntary member donations.**

So to recap, visit our website and look for contact, membership or donate. Our website is easy to remember and find. Just use the initials of **Cross Roads Ham Radio Club – type CRHRC.org** into your favorite browser and there we are!

For any additional information or general questions, you can send an email to INFO@CRHRC.ORG

[UNKEY]

Once again, my name is [Name], my Call Sign is [Call] on the W5LCR repeater system with the Cross Roads Ham Radio Club's Thursday Night Net.

Before we begin accepting general check ins - If anyone has any amateur radio news or announcements or information to share with the net, please give your call sign and the net will recognize you now.

[Please make note of the announcements so you can cover them at the end of the net]

[If we have a new member or a new license / upgrade]

Before we begin general check-ins, I would like to take an opportunity to (welcome) / (congratulate) : [Name] [Call sign]

as Cross Road Ham Radio Club's newest member, or
on passing their [license class] test.

I'm going to relax the controlled net portion of tonight's net and ask everyone to (give a warm welcome to) / (congratulate) [Name] now!

With no other announcements or information, we will now move to the check-in portion of the Net.

Tonight's net is being logged in real time over the Internet using NetLogger. I'd like to thank [Name], [Call] for being tonight's NetLogger and helping to keep me on track with the check-ins.

We generally like to pose a conversation starting question and give you a bit of time to think about it. Tonight's question is: _____

I'll be asking for check-ins tonight in separate groups. The first group will be mobile and short time stations. Mobile and short time stations are operators who may be traveling out of repeater range or may not have time to stay with us for the duration of the complete net. To make sure they have an opportunity to participate, once we have all mobile and short time stations checked in, I'll recognize these stations and give them an opportunity to share their traffic with the Net before asking for general check-ins.

Any Mobile or short time stations, please check in now by giving your call sign **slowly and phonetically twice, followed by your name and location.**

[Pause]

Recognize and check for additional mobile or short time stations

[Pause]

[Roll call station check-ins for traffic and opening question]

[Pause]

This is [Call] on the W5LCR repeater system with the Cross Roads Ham Radio Club's Thursday Night Net.

We will now open the Net for **Digital mode check-ins**. I'll be calling specifically for DMR and Fusion stations one mode at a time. Please remember to allow additional space between station check-ins for our digital users.

DMR stations only, please check in with your call sign **slowly and phonetically twice followed by your name and location.**

DMR stations only, please call now.

[Pause]

[Log check-ins]

[Roll call station check-ins for traffic and opening question]

Fusion / C4FM stations only, please check in with your call sign **slowly and phonetically twice followed by your name and location**.

Fusion / C4FM stations only, please call now.

[Pause]

[Log check-ins]

[Roll call station check-ins for traffic and opening question]

This is [Call] on the W5LCR repeater system with the Cross Roads Ham Radio Club's Thursday Night Net.

We will now open the Net for any and all general check-ins. General check-ins include analog, Allstar and Echolink modes. If you have not already checked in, now is your time. Please remember to check in with your call sign **slowly and phonetically twice, followed by your name and location**.

General check-ins, please call now.

[Pause]

[Log check-ins]

[Roll call station check-ins for traffic and opening question]

[For long lists of roll calls – don't forget to ID:

This is [Call] on the W5LCR repeater system with the Cross Roads Ham Radio Club's Thursday Night Net.]

Are there any more check-ins or rechecks, please call now ...

[Pause]

[Ask for multiple rounds of general check-ins while doing your best to enforce a hard stop at 9:00 PM]

Are there any more points of interest or questions that have come up based on the reports given tonight?

[Suggestions for closing a net]

Before we close tonight's net, we would like to remind you:

- [Repeat announcements given at the beginning of the net]
- CRHRC holds this net every Thursday night at 7pm.
- We meet on the third Saturday of each month for a breakfast gathering. Location information is available in the weekly newsletter.
- **Dues are not a requirement of membership. Our club is funded by the generosity of voluntary member donations, and becoming a member gets you on our weekly email newsletter list.**
- You may contact the club by sending an email to info@crhrc.org

So to recap, visit our website and look for contact, membership or donate. Our website is easy to remember and find. Just use the initials of **Cross Roads Ham Radio Club** – type **CRHRC.org** into your favorite browser and there we are!

[Pause]

We had ____ check-ins and ____ proxy check-ins for tonight's net.

I will now close this session of the Cross Roads Ham Radio Club's Thursday Night Net. This is [Call] returning these repeaters back to normal amateur radio use.

Good night all!
